*****.In the wake of operations in Iraq and Afghanistan, T.E.

Lawrence s description of counterinsurgency (COIN) analogous

to eating soup with a knife, has new meaning in our

contemporary military. It describes our kinetic conventional

army (the knife) painstakingly operating in a nebulous

environment (the soup), attempting to kill or capture terrorists.

This monograph adapts the US military s sustainment and

support capabilities to provide the military a

counterinsurgency spoon, through the theory of stability

power. This thesis determines if the US Military s conduct of

COIN operations requires the assignment of combat

sustainment and support units as the main effort. In assigning

these units this new decisive role, the military maximizes their

intrinsic organizational advantages in nonkinetic stability

operations. Such stability operations encompass what is

decisive in defeating an insurgency. However, the design of

current combat power analysis tools is not applicable for

stability operations. The determination of a unit s capability in

stability operations requires a new analysis model. Therefore,

the military needs Relative Stability Power Analysis. Defining an

organization s relative stability...
