With stunning photographs and simple text that's perfect for emergent readers, *Whose Little Baby Are You?* is a delightful introduction to animals and their life cycles. The little creature hitching a ride is a baby orangutan, and one day she will swing through the trees on long, powerful arms just like her mom! As readers turn the pages, they will discover the ways in which a baby orangutan is similar to and different from its parents. They will learn how the mother orangutan cares for her baby, and see how the little ape grows, changes, and gets ready for her adult life in the rain forest.
