Illustrated Dental Embryology, Histology, and Anatomy, 4e

By Fehrenbach RDH MS, Margaret J.; Popowics, Tracy

Saunders, 2015. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Featuring a full-color review of dental structures, Illustrated Dental Embryology, Histology, and Anatomy, 4th Edition provides a complete look at the development, cellular makeup, and morphology of the teeth and associated structures. A clear, reader-friendly writing style makes it easy to understand both basic science and clinical applications, putting the material into the context of everyday dental practice. New to this edition are updates on caries risk, safe levels of fluoride use, and prevention of periodontal disease. Expert authors Margaret Fehrenbach and Tracy Popowics provide an essential background in oral biology for dental hygiene and dental assisting students, including excellent preparation for board exams. Comprehensive coverage includes all the content needed for an introduction to the developmental, histological, and anatomical foundations of oral health. Hundreds of full-color anatomical illustrations and clinical and microscopic photographs accompany text descriptions of anatomy and biology. An approachable writing style covers the latest evidence-based information and makes it easy to grasp and learn to apply the material. A logical organization separates the book into four units for easier understanding: (1) an introduction to dental structures, (2) dental embryology, (3)...
