MEASUREMENT AND CALCULATION OF MULTICOMPONENT-DIFFUSION AND REACTION IN CATALYST PARTICLES, EFFECT OF THE CATALYST PORE STRUCTURE

Cuvillier Verlag Jan 2010, 2010. Taschenbuch. Book Condition: Neu. 211x146x17 mm. Neuware - A realistic diffusion system, multi-component diffusion, accompanied by a relatively simple reaction, a single reaction with simple molecules, is investigated experimentally using commercial pellets at mild conditions. The motivation was to elucidate the effect of pore structure for simultaneous diffusion/reaction systems in general. The results can be used to investigate the multi-component interactions between different components, to determine an optimum pore structure and/or to check if the...

Reviews

A whole new e-book with an all new perspective. It is among the most amazing publication i actually have study. You wont really feel monotony at anytime of your respective time (that's what catalogs are for concerning if you request me).

-- **Austen Feil Jr.**

This ebook is wonderful. Of course, it really is perform, nevertheless an interesting and amazing literature. Its been printed in an extremely straightforward way and it is simply after i finished reading this ebook where in fact changed me, modify the way i believe.
