Excerpt: . . . 11 try, and I would also add, even though it fits within the math part of the STEM program, I want to emphasize the importance of get-ting caught up in computer science again. We are not doing well in that particular area in this Nation. We must increase the interest in computer science in the elementary and secondary schools and certainly must increase the number of computer scientists that we are developing, particularly as we as a Nation worry more about cybersecurity. The current budget, despite providing for the doubling of the overall NSF budget, does not emphasize the importance of STEM education to our countrys economic competitiveness. That is a very, very important point. I look forward to hearing from our ex-cellent witnesses today about the new additions proposed in the fis-cal year 2011 budget and how we can work together to strength the COMPETES Act. Thank you very much. I yield back...
