Faced with a new budget or strategic choice, a potential employee or a client negotiation, a bright idea or an intractable problem, what questions do you need to ask To test the projections, tackle the cause of problems, to make the right decision - the answer is simple. Ask the right question. Managers are all too often expected to lead with answers; to approach any situation armed with a company procedure or an off-the-shelf solution, but in an uncertain world, the right question is worth a world of standard answers. Asking the right question is the first step to understanding a business situation, and the first step to finding the right answer. Key Management Questions is your practical guide to intelligent management analysis and inquiry. 252 pp. Englisch.
