Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.If you believe some news stories, the latest iPad update (iOS 8) is radically different and you should beware of updating! They re wrong! This book is for both new users of iPad and those upgrading to the latest update. I ll walk you through the changes and show you why updating is nothing to be afraid of. The iPad Mini doesn t come with a handbook / user guide, but don t believe other handbooks that tell you that s why you need to buy their handbook! iPad Mini does have a handbook! There s three ways to get it: 1. Download it from the Apple iBookstore (it s free) 2. Get it online by going to 3. Get it on your tablet; if you go to your bookmarked pages on Safari, the last bookmark is for the iPad User Guide. So why do you need this book? This book was written for my parents; people who needed to know as much as possibly, as quickly as possibly. There are people who want to know every single little detail about the iPad, and you will find that in Apple s comprehensive manual; but if you are like my parents-new to the iPad Mini and just want to learn all the basics in about 30 minutes or an hour, then this guide will help you-people who just want to know how to add their contacts, take photos, and email. It s not for advance users, although if you are upgrading from the previous Apple iOS (iOS 7) you will probably find it useful. If you have previously purchased my iPhone iOS 7 Quick Starter Guide, know in advance...
