THE GODFATHER DOCTRINE: A FOREIGN POLICY PARABLE (HARDBACK)

[DOWNLOAD](#)

Princeton University Press, United States, 2009. Hardback. Book Condition: New. 155 x 102 mm. Language: English . Brand New Book. The Godfather Doctrine draws clear and essential lessons from perhaps the greatest Hollywood movie ever made to illustrate America s changing geopolitical place in the world and how our country can best meet the momentous strategic challenges it faces. In the movie The Godfather, Don Corleone, head of New York s most powerful organized-crime family, is shockingly gunned down in broad daylight, leaving his sons Sonny and Michael, along with his adopted son, consigliere Tom Hagen, to chart a new course for the family. In The Godfather Doctrine, John Hulsman and Wess Mitchell show how the aging and wounded don is emblematic of cold-war American power on the decline in a new world where our enemies play by unfamiliar rules, and how the don s heirs uncannily exemplify the three leading schools of American foreign policy today. Tom, the left-of-center liberal institutionalist, thinks the old rules still apply and that negotiation is the answer. Sonny is the Bush-era neocon who shoots first and asks questions later, proving an easy target for his enemies. Only Michael, the realist, has a sure feel for the changing scene, recognizing the need for flexible combinations of soft and hard power to keep the family strong and maintain its influence and security in a dangerous and rapidly changing world. Based on Hulsman and Mitchell s groundbreaking and widely debated article, Pax Corleone, The Godfather Doctrine explains for everyone why Francis Ford Coppola s epic story about a Mafia dynasty holds key insights for ensuring America s survival in the twenty-first century.
