BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 66 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.According to the Department of Labors latest estimate, 5, 900 private industry workers died from work-related injuries and illnesses. The Occupational Safety and Health Act authorizes Labor to obtain from employers and other sources information needed to determine the most serious safety and health hazards. Better data on the causes and severity of safety and health problems are needed for developing and modifying standards to administer the Act, insuring enforcement of and compliance with the Act, and employer-employee information and education activities. Basic questions which remain unsolved are: (1) the need for all of the existing standards and their adequacy for preventing injuries; (2) the relative priorities which should be given to developing standards on thousands of safety and health hazards not covered by standards; (3) whether the Occupational Safety and Health Administration (OSHA) and State compliance inspections are directed first to the workplaces most likely to have specific hazardous conditions that can cause death or serious disabling injuries and illnesses; (4) whether OSHA and State inspectors emphasize specific conditions that can cause death and seriously disabling injuries or illnesses; (5)...
